Market Gardeners'

WHOLESALE CATALOG

●
1939

**High Grade Seeds, Implements,
Fertilizers, Twines, and
Market Gardeners' Requisites**

At the beginning of the New Year we are happy to send you our annual catalog, listing the better varieties of vegetable and flower seeds. The growing season of 1938 was highly favorable for the production of crops, hence the quality of the seeds for this season is exceedingly good.

In various trials and tests made last summer some of the new selections and hybrids made wonderful showings and these items have been added to our list. We believe it is worth your time to look over these pages and get acquainted with our stocks.

Quality considered, you will find our prices very reasonable. Our seeds are properly cleaned, thoroughly dried, and carefully tested for germination, so that you can confidently expect them to produce high grade vegetables, commanding better prices, and therefore more profits to you.

We greatly appreciate the fine business you have given us the past season and hope to have the pleasure of serving you again this year.

TERMS AND CONDITIONS

ORDERING. If possible use our order sheet. Additional order sheets will be sent on request.

Be sure to fill in your name and address. Write plainly; English, Holland or German may be used, for expressions or correspondence.

PAYING. All bills are due August 1st next, unless other agreements are made. Overdue accounts will draw interest at the rate of six per cent (6%) per annum.

Credit will be extended to regular customers, providing your account is in good standing.

New customers, applying for credit, will please send paid seed bills of two previous years to prove good standing elsewhere.

Orders for C. O. D. shipments will have prompt attention if 25% of the amount is sent with order.

On spring orders for garden seeds we allow a discount of 10% if paid before April 1st. On Implements 5%. Orders received after June 1st are not subject to discount.

Grass and Field Seeds are sold net cash at any time. Bags are free.

DELIVERY. All orders will be delivered free of charge within a radius of 50 miles. After April 1st, and

continuing throughout the summer, we make daily deliveries to all local points.

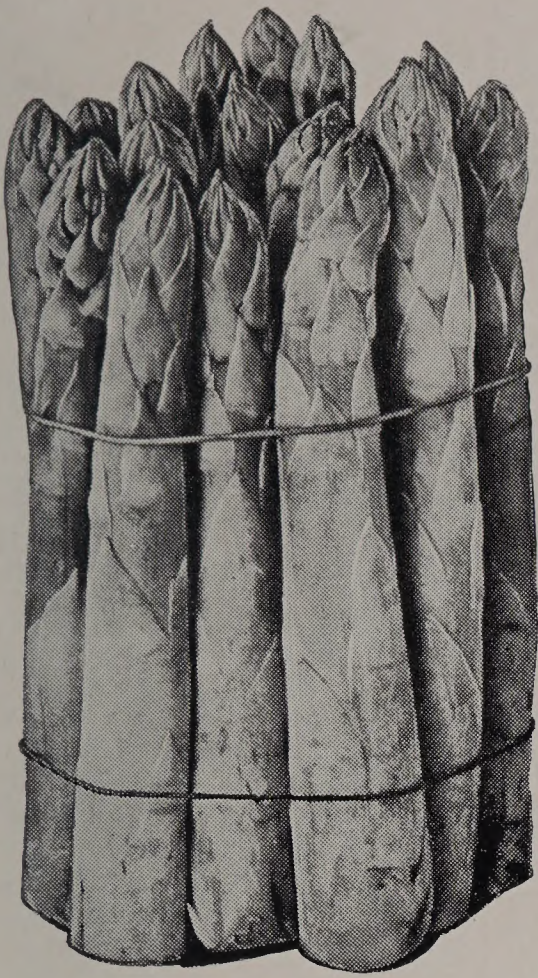

SHIPPING. Shipments can be made by freight, express or parcel post. If no instructions are given, we will use our own judgment. We will prepay shipments of Garden Seeds up to a distance of 300 miles from Chicago. Field Seeds, Gasoline Engines, Machinery, Fertilizers and all Implements are quoted and shipped f. o. b. Chicago.

Be sure to note condition of bags on arrival; if torn, have it marked on your freight bill; if spilled out, have the bags weighed and weight also noted on freight bill, otherwise it will be impossible to recover damages.

If for any reason an order or part of an order cannot be filled, we will refund amount sent for such order or part of such order.

WARRANTY. Owing to climatic conditions and difference in soil, we cannot and do not give any warranty, express or implied, as to crops produced of seeds bought from us, and beyond the amount charged for any item, we will not be held responsible for any results whatever. If the purchaser does not accept the goods on these terms, they are at once to be returned. To protect our customers, as well as ourselves, we do not take back any packages of seeds that have been opened.

Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves loss of seed and labor of re-planting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

LARGE CAN, \$1.00

Use Semesan in the Hotbeds to Promote Healthy Growth of Plants

Sprayers and Blowers

Rival No. 288 Sprayer

Capacity, 3½ Gallons.

This machine is equipped with hose and 20-inch extension rod, making it easy to put the nozzle close to the plant, enabling you to spray where it is most needed. A few strokes on the pump handle every 10 minutes is all that is necessary to give sufficient pressure. Tank is galvanized, nozzle brass. **Price, \$5.00.**

Mason Jar Sprayer

Handy for spraying animals or small garden plots. Each, 60c.

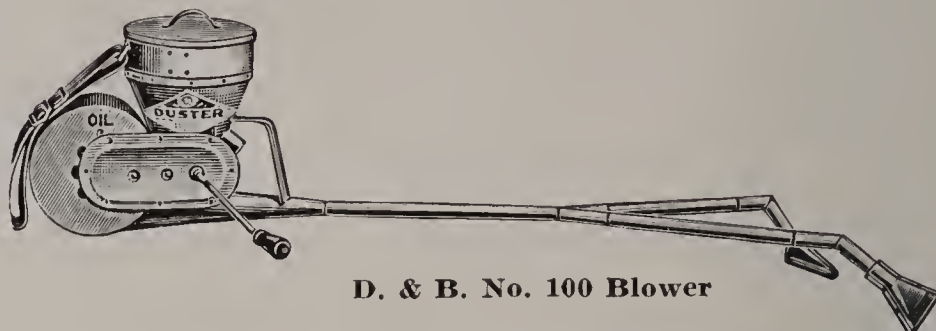

Slug Shot Duster or Sifter

Half-Gallon Size

Used for dry dusting only. A slight shake of the can is sufficient to cover the plant with dust. **Price, 75c.**

D & B No. 100 Blower

Used for dry dusting only. Large fan operated by crank handle through gears gives a powerful blast, distributing insecticides to every little nook of the leaves. Dusts one or two rows, as desired. **Price, \$9.50.**

D. & B. No. 100 Blower

D & B No. 200 Blower

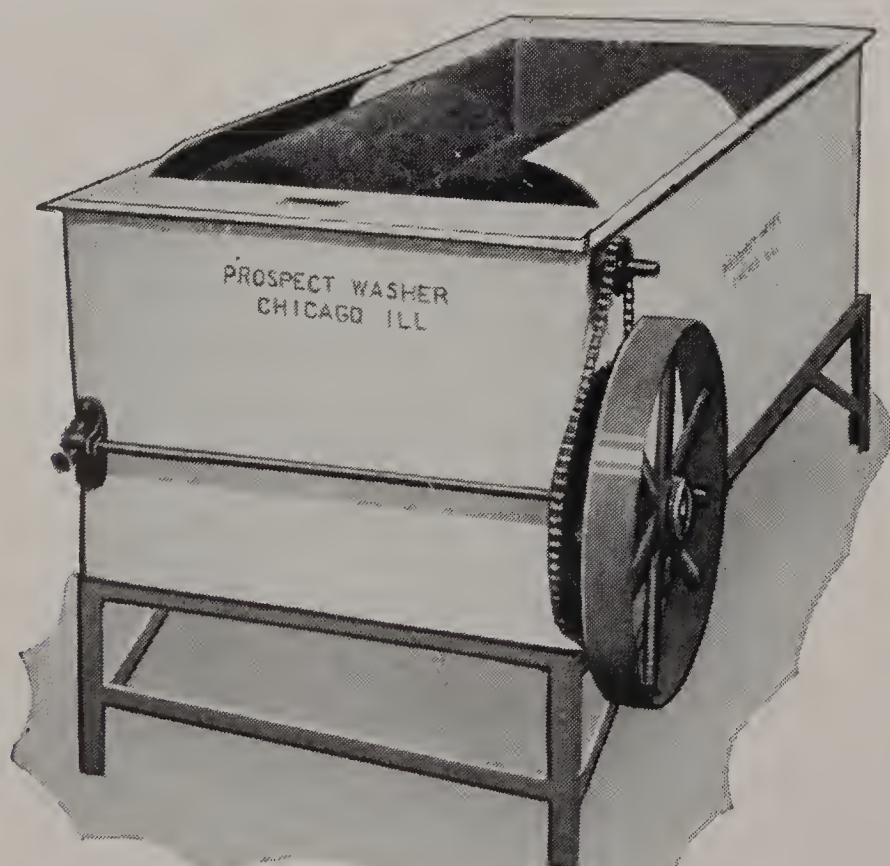

Operates the same as the No. 100 Blower, but has larger fan and hopper. The gears are enclosed in a dustproof case packed with light grease. In addition, it has a curved metal plate, fitting over the stomach of the operator, with canvas strap to fasten around his waistline. **Price, \$11.60.**

When using a blower it is advisable to cover mouth and nose with cloth or handkerchief to prevent inhaling of poison dust, likely to cause ill effect.

Wheelbarrow Sprayers

12 gals. capacity. **Price, \$15.00.**

18 gals. capacity with air pressure tank for spraying, whitewashing, etc. Complete, **price, \$38.00.**

PROSPECT BUNCH VEGETABLE WASHER

Easy to Operate — Never Gets Out of Order

Here is a machine that will solve your washing problems. Will wash from 800 to 1000 bunches per hour with two men attending. Makes a better job than a man with a hand brush and does it much faster.

Can be operated by electric motor or gasoline engine.

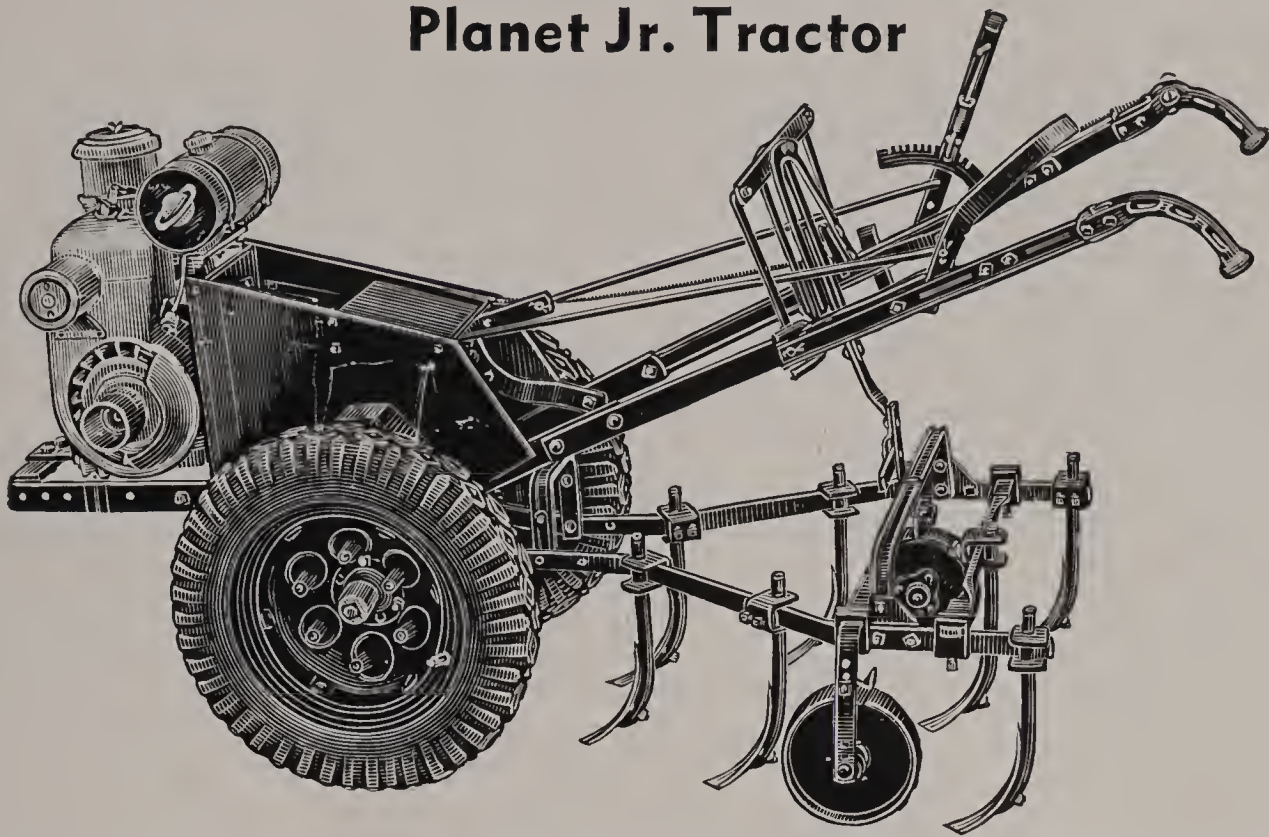

The washing is done by two revolving brushes, 28 inches long and 10 inches in diameter. These brushes last a long time, but can be renewed when necessary. The tank is 5 feet long.

No running water is required; simply fill the tank to the water line as indicated on the side and go ahead. **Price, \$110.00.**

Spraying or Dusting Will Help Save Your Crops From Destruction by Insects

Planet Jr. Tools

Planet Jr. Tractor

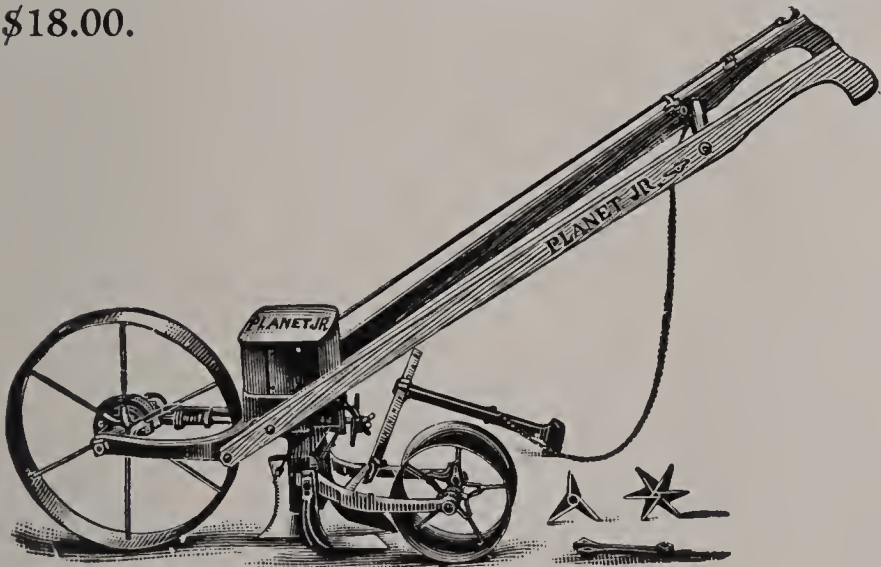

Price complete as shown above: \$341.00. Equipped with spade lug wheels, \$321.00.

The Planet Jr. Tractor is, in our opinion, the best garden tractor on the market. A dependable motor assures freedom from trouble. Operating costs are very low. Illustrated Tractor Catalog mailed free on request.

No. 3 Planet Jr. Seeder

This is the favorite machine among truck gardeners. Runs light and does the work right; will sow anything in vegetable seeds. Price, \$18.00.

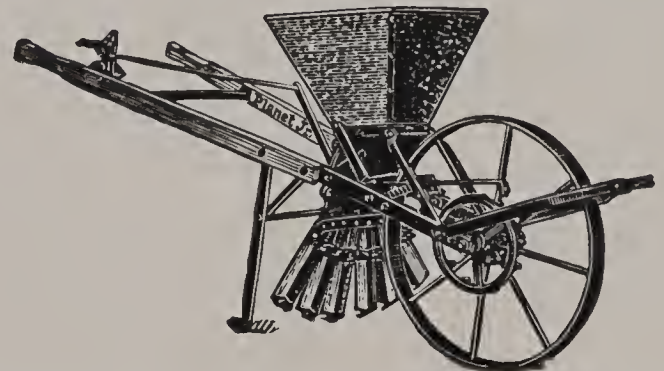

No. 3 Seeder

No. 300 Planet Jr. Seeder

The ideal machine for the market gardener. Drops evenly and accurately any vegetable seed from the smallest up to Bush Lima beans. New style waved feed wheel does not crush or break beans or peas. Hopper can be removed in a few seconds to empty left-over seeds. Price, \$20.00.

No. 220 Planet Jr. Fertilizer Drill

A new model fertilizer distributor, which will do fine work.

Operates like a wheelbarrow, will sow 100 lbs. to over a ton per acre. Feeds the material through 6 galvanized pipes. These are adjustable, capable of covering a strip 30 inches wide. Seldom clogs up. Price, \$28.75.

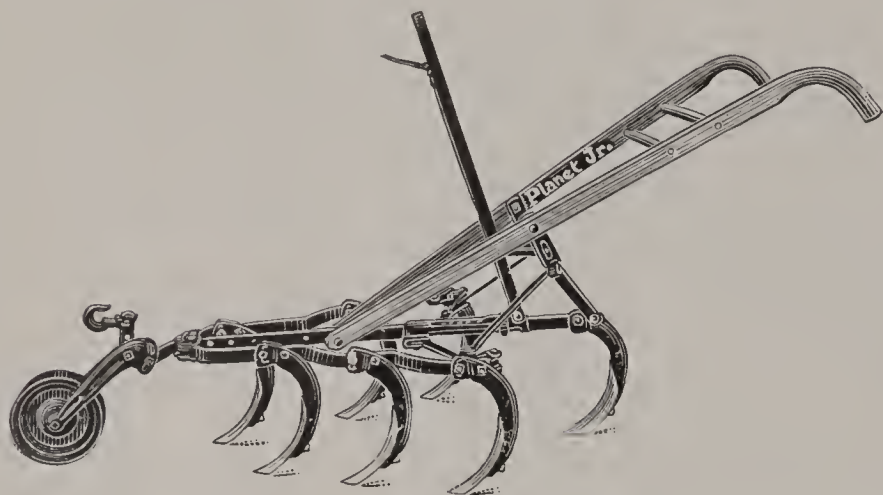

No. 119 Cultivator with Fertilizer Attachment

This handy machine answers the call for a light inexpensive, practical tool for side-dressing growing crops. Small enough to go between 12-inch rows. It will handle nitrate and commercial fertilizers.

Price complete . . . \$11.25
Fertilizer attachment only 6.95

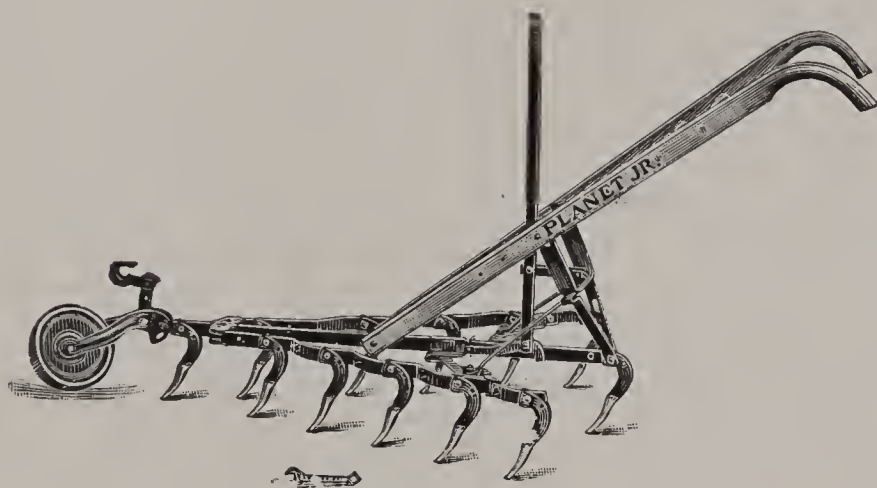

Planet Jr. Tools

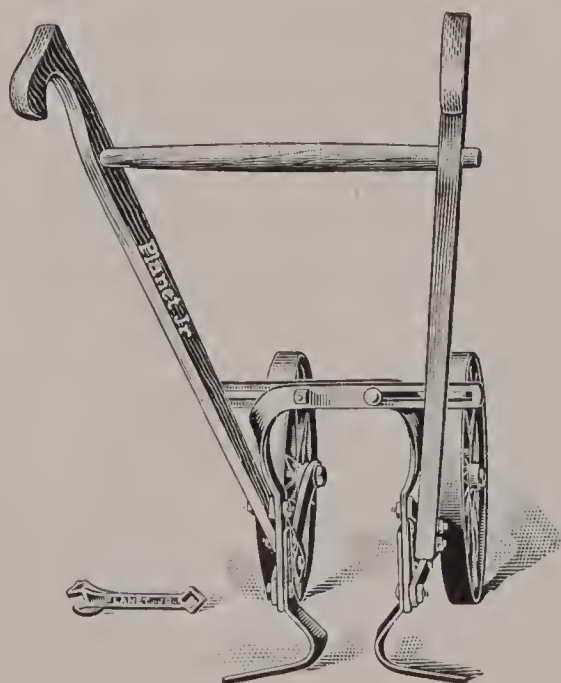

No. 83 Cultivator

The Seven-Tooth Cultivator has gained in favor, due to the fine work it does; weeds have a very small chance to slip by when these seven shovels are in operation. We recommend this as a valuable tool. **Price, \$13.50.**

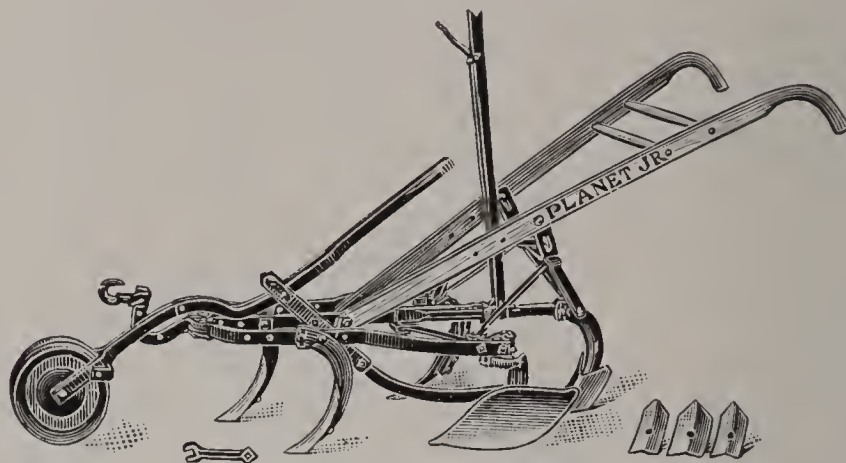

No. 91 12-Tooth Harrow

This machine gives excellent satisfaction in early summer, when plants are small. Breaks the crust on the ground without covering the tender plants, at the same time destroying the first crop of weeds. **Price, \$12.50.**

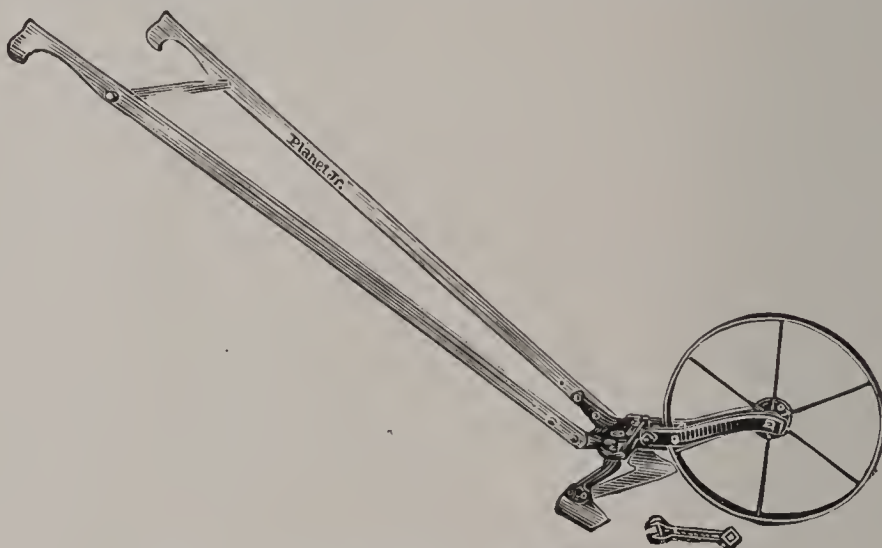

No. 60 Planet Jr. Double Wheel Onion Hoe

Price, \$8.75

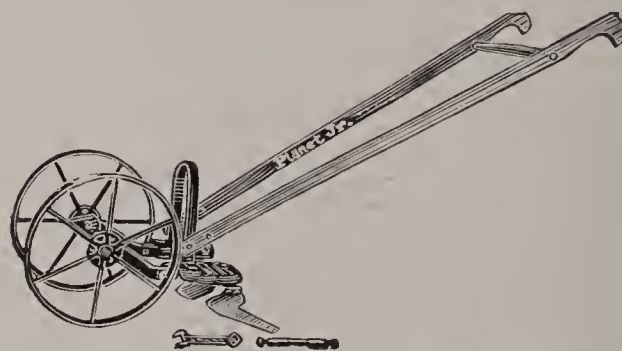

No. 8 Horse Hoe

For thorough cultivation this machine has no equal; it can be used for plain cultivating or for hilling work in corn, potatoes, etc. The lever wheel and depth regulator make it very easy to operate. **Price, \$15.50.**

No. 18 Single Wheel Hoe

For cultivating small crops the No. 18 is just the thing; simple but very effective. Thousands of gardeners are using them profitably. **Price, \$5.75.**

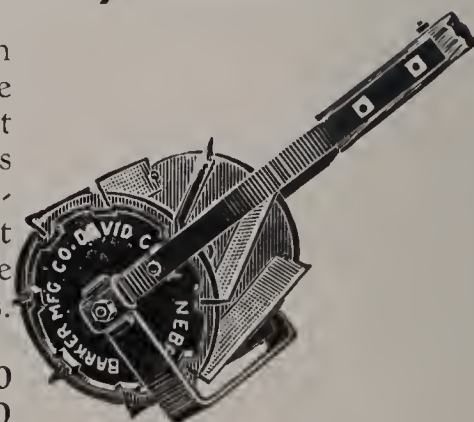

No. 13 Double Wheel Hoe

To those who like a double wheel cultivator we recommend this machine. The two wheels make the going more steady. **Price, \$8.75.**

Barker and Easy Weeder

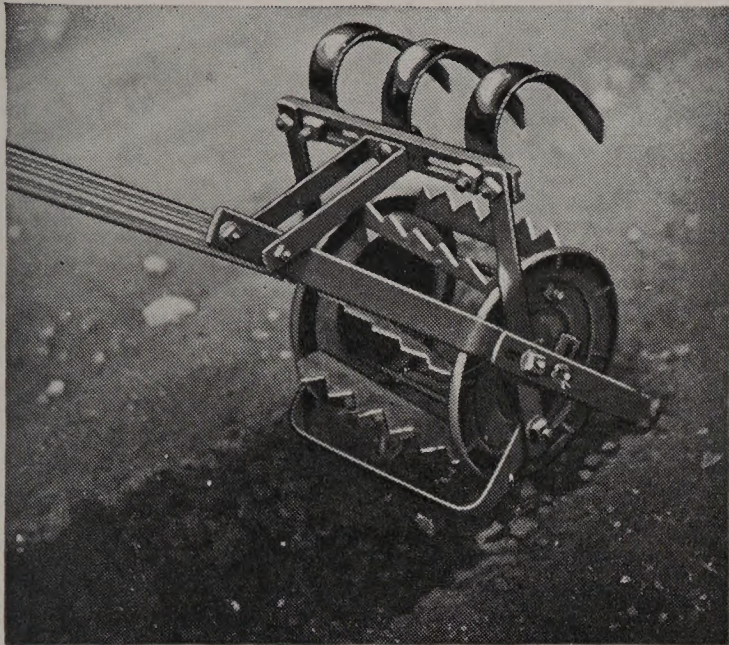

Operates like a lawn mower. Used when the plants are young, does not cover up the seedlings as it throws the dirt backward, pulverizing the crust on the soil at the same time. Made in three sizes.
